

# SURGEON

## DAYTONA BEACH, FL

Affiliated Veterinary Specialists (AVS) of Daytona Beach, Florida is searching for an energized board certified or residency trained surgeon to join our 24-hour care specialty center. AVS is well established with an exceptional reputation having served the North Florida and South Georgia communities for over 20 years.

Exceptional interpersonal skills are a must as our group is a fun and young, energetic team that is highly focused on outstanding patient care, exemplary client and referring veterinarian service and progressive growth. We are interested in adding a team member who can integrate into a synergistic hospital that provides the highest quality of medicine while maintaining our focus on work-life balance. Six surgeons and a full array of specialists (Anesthesiology, Rehabilitation, Neurology, Dermatology, Oncology, Medicine, Ophthalmology) are available at our nearby sister practices in Jacksonville, Orange Park, Gainesville, and Orlando, Florida.

AVS Daytona is equipped with a complete array of orthopedic, neurologic and soft tissue instrumentation. Surgeons also have the ability to perform arthroscopy, laparoscopy and thoracoscopy. Additionally, AVS utilizes Idexx radiology, a complete laboratory, oxygen cages, off-site MRI and CT and a full service diagnostic and therapeutic emergency service that has been established for over 25 years.

We are a privately owned practice with support of over 500 referring veterinarians. Additionally, we are active with continuing education seminars in the community and lunch-and-learns within our referring veterinary hospitals.

\*Ownership is a possibility for the right individual.

---

Daytona Beach is a historic and progressive city located on the east coast of Florida with easy access to Orlando, St. Augustine, Jacksonville and Cape Canaveral. AVS offers one of the most competitive salaries in the nation and an extensive benefits package.
